John Cooper, who has been tried and found wanting over a distance of ground, was the favorite in the Fulton Handicap for three-year-olds at 5 to 4 on his chances. Sir Excess and Dutch Skater were well supported at 13 to 5 and 5 to 1 respectively. The race was a good one, Assignee setting a hot pace, with John Cooper as the runner-up. Dobbins was withdrawn from the Fulton Stakes and starten in the fifth race against Sir Walter, Saragossa and Harry Alonzo. It was whispered about that Sir Walter was not up to a bruising race, which caused Dobbins to be installed as the favorite at a shade below even money. Saragossa was the second choice at 11 to 5 against him to win and 2 to 5 for a place. Sir Walter receded in the betting, 4½ to 1 being freely quoted against him, while even money2 could be had for a place. Saragossa attempted to make a runaway race of it, but class told, as he shot his bolt at the end of a mile and gave way to Dobbins, who stalled off Sir Walter's rush at the finish and beat him out three-quarters of a length, with Saragossa two lengths lway.

A JOCKEY THROWN AND KILLED. Somerville, N. J., Sept. 13 (Special).-A distressing Somerville, N. J., Sept. 13 (Special).—A distressing accident, resulting in the almost instantaneous death of Robert Hultz, one of the boys who rode the horses in the running races at the Somerset County Fair Grounds, occurred at this place this morning. The races of yesterday were not finished last night, so it became necessary to run two of them off this morning. In the half-mile running race the horse Phonograph, owned by Robert Flynn of Sheepshead Bay, and ridden by Hultz, of Long Branch, won the first heat. On the last turn in the second heat Phonograph fell, and his rider went over his head. The horse rolled over on top of Hultz, and crushed him to death, if he was not dead before.

Robert Hultz, the jockey, who was killed, was employed by Philip Daly, jr., of Long Branch. His parents live at Hempstead, L. I. Hultz was sixyear. The boy was a victim of the altogether too prevalent custom of riding boys who lack the necessary experience to protect themselves in the hazardous calling of a jockey. Young Hultz was an honest, truthful lad, faithful to his employers, and his death is a serious loss to his parents, to whom he was devoted. teen years old, and has been riding a little over a

A GOOD DAY FOR RECORDS.

FOUR OF THEM BROKEN YESTERDAY AT HAMP-DEN PARK.

Springfield, Mass., Sept. 13.—The closing day of the Springfield bicycle tournament was exceptionally brilliant, and was remarkable for its many surprises. Perhaps the chief of these was that Sanger, who had en looked upon by many as almost a sure winner of the great contest of the tournament, the one-mile international race, class B, was beaten easily by E. C. Baid, who rode with wonderful skill and tact, following the pacing tandem closely and getting around the mile with remarkable ease and speed, so that, although Sanger spurted near the finish and was in the lead for a moment, Bald easily overhauled him

and won the race.

Next to this, the most exciting race was the halfmile, open, class B, which was apparently won by Bald, but was awerded by the judges to Harry Tyler Baid, but was awerded by the judges to Harry Tyler, who was close to him. The crowd saw it different, and set up a howl of disapprobation, and so Baid was a prime popular favorite when he captured the big race from Sanger later. It was not a Sanger day, but he did manage to win the last race, the one-mile handicap, class B, in which he made a remarkably strong finish, getting through the pack in time shape.

markably strong finish, getting through the pack in fine shape.

It was a good day for record-breaking, and several attempts were made. W. F. Murphy set out to break the two-mile record, flying start, which was 4:153-5, and lowered it to 4:062-5, and "Nat" Butler lowered it later to 4:04-5.

J. S. Johnson lowered the five-mile paced record from 10:512-5 to 16:48-5. He was paced well by tandems.

F. J. Titus broke the world's record for the hour, covering twenty-six miles and 1,420 yards.

The \$50 gold medal for the fastest mile made by a class A rider in competition was awarded to W. F. Sims, who made 2:10:2-5 yesterday.

The prize of \$50 awarded for the fastest unpaced mile made by a Class A rider was won by F. B. Slowe in 2:16:2-5, which is two-fifths of a second behind the Class A record.

A. I. Brown made an unsuccessful attempt at the one-third mile record, flying start, riding in the seconds. Summaries:

St. Louis. Sept. 13.-The New-Yorks had an easy victory to-day, although the Browns made a fight for honors for four innings. The visitors made all "Chris" Von Der Ahe likes emed to be afraid of Rusie. At the end of the seventh inning it was too dark to play longer, but Umpire Hurst couldn't see it, and so nine innings were played. It was a nice, snappy game that the lants played, particularly after their long and tedlous journey from Cleveland. They did not reach atil after 9 o'clock last night, over two hours late. Some of the St. Louis papers here published nterviews with Ward, of which he never knew

ON THE TENNIS COURTS. THE STATEN ISLAND LADIES' TOURNAMENT-PLAY AT TARRYTOWN.

To judge by appearances, the only question the final rounds of the Staten Island Ladies' Club tennis tournament will settle is whether the Kings County girls will take three first prizes or two firsts and one second. The singles prize seems des tined to join the other trophles gathered in by Miss Atkinson this year, while Miss Hellwig and Miss Atkinson seem sure of the doubles. For the mixed loubles, however, the prophets will have no one but Miss Roosevelt and Clarence Hobart.

The play yesterday on the Livingston courts evidently delighted the large but uncritical crowd alike. The mixed doubles attracted nearly all the attention, and Clarence Hobart came in for most of the applause, as he played the entire game for his side. His partner, Miss Roosevelt, though a player of high reputation, was tucked away in an out-of-the-way part of the court, while Hobart occupied the centre of the stage. The New-Yorkers played brilliantly. Dr. Frazer and Miss Atkinson won two matches by their machinelike team work and brilliant volleying. Miss Moore did good work also, though defeated, and distinguished herself by a brilliant shot which postponed defeat for some time, when Miss Roosevelt and Hobart needed only one point to score the match. The final rounds in all the contests will be decided to-day, Miss Terry, the exchampion, was among the spec-

and Oscar von Bernuth, 6-1, 6-9.

The old rivals, Fischer and Parker, will meet again in the finals of the Sleepy Hollow Tennis Club's tournament at Tarrytown. Both players went through their opponents without losing a set, Fischer seems to be in excellent shape, as his crushing defeat of Cragin shows, and he ought to make an excellent fight against his formidable club mate. Fischer and Burr had a hard fight in the first see fischer and could be succeeded by the first seems of their doubles match with Carroll Post and Cragin, but the set went to them at 13-11, and the following set was an easy one. VISITING CRICKETERS BEATEN AGAIN. The Boston Zingari Cricket team suffered another efeat yesterday, the team of the New-Jersey A. C. scoring an easy victory at Bergen Point by a margin of 58 runs. The best feature of the game was a fin innings of 95, not out, by M. R. Cobb, who exhibited his best form and played carefully through out. L. Etherington also did good work, and, while he assisted in putting on 69 runs for the last wicket he was also the most successful of the New-Jersey bowlers, securing four wickets for 25 runs. Whiteroft bowled in splendid form for the Bos-

tonians, and secured all wickets except one Jersey's first innings, while A. Whitehouse best batting. The following is the score: NEW-JERSEY A. C. First innings.

IT WILL STAND AT ST. NICHOLAS-AVE. AND ONE-HUNDRED-AND SEVENTEENTH-ST., AND WILL SUPPLY LONG-NEEDED

ROOM FOR CHILDREN. The delication next year of the new grammas school building which is being erected at One-hun-

dred-and-seventeenth-st, and St, Nicholas-ave, will be an incident of much local interest. The neighborhood is thickly populated, and the fact that there is no grammar school within the region bounded by One-hundred-and-fourth-st, and Tenth-ave, and One-hundred-and-twenty-eighth-st, and Sixth-ave, has caused a strong feeling of dissatisfaction. The new building, which is designed after the English-Gothic style, will have a frontage of 169 feet and 9 inches in Onehundred-and seventeenth-st, and 118 feet in St. Nicho-las-ave. It will be built of brownstone and red brick, and the rooms will be finished in white pine. A narked improvement in the construction of the sch buildings of the present time may be noticed, and it speaks well for those in charge of the work that special attention is now directed to the physical as well as mental welfare of the "little men and women" who spend so large a portion of their time in these

who spend so large a portion of their time in these places.

Formerly it was necessary for all recreation to be taken in the basements of many of the buildings, and exposure to cold and dampness was unavoidable, but space has now become a secondary object, and the entire first floor, laid in asphalt, will be used as a playground in the new structure in Harlem. The second, third and fourth floors will each contain fifteen classrooms, divided by a large assembly-room. The entire fifth floor will be used for manual training and calisthenics, the boys and girls departments being separate, and all arrangements being made with a view to health and comfort. Such careful attention is now given to instruction in these departments that an average graduate from the grammar schools should be strong, both in mind and body. This new building will be thoroughly fireproof, have well-nigh unlimited light and ventilation, and there will be seven broad stairways leading to the various entrances. It is not expected that it will be completed before May, 1855.

THIS STORY BASELESS, TOO.

Washington, Sept. 13.—Acting Superintendent Pugh, of the Coast and Geodetic Survey, has re-ceived advices from all the surveying parties in the field within range of the story of the massacre circulated by the Chicago organization styling itself the "Associated Press," to the effect that they are all well and have met with no misadventure of any kind.
